PREAMBLE

This work-plan Agreement is entered between, Bhutan Narcotics Control Authority and Wangdue Phodrang Dzongkhag in collaboration with all relevant stakeholders for Narcotic Drugs, Psychotropic Substances and Tobacco Control in the Dzongkhag.

The objectives of this Agreement are:

- a) To establish a Drug and Tobacco Control Taskforce (as annexed) in the Dzongkhag to enhance initiatives to curb the menace of drug and tobacco in the Dzongkhag,
- b) To authorize the Dzongkhag to implement drug and tobacco control activities in the Dzongkhag,
- c) To incorporate drug and tobacco control activities in the annual performance agreements of Dzongkhag and Relevant Stakeholders;

This agreement is entered between the two parties with the following joint goals in mind and shall be automatically renewed with proper revisions until the agreement is revoked by either of the parties on mutually agreed reasonable grounds:

- a) Primary Goals
 - i. To make Wangdue Phodrang Dzongkhag Drug Free and an ideal place to live
 - ii. To reduce demand and supply of drugs, tobacco and other substances of abuse in Wangdue Phodrang Dzongkhag
- b) Secondary Goals
 - i. To encourage community participation in substance use prevention
 - ii. To involve Local Authorities and Relevant Agencies in substance use prevention in their communities
 - iii. To enable communities to identify, assess and refer those with substance use disorder for treatment and rehabilitation
 - iv. To foster community support to recovering addicts.

This Agreement represents an important accountability mechanism for acknowledging and undertaking the responsibility to help resolve and control the social burden of drug abuse in the Dzongkhag.

THEREFORE, the parties hereto agree as follows:
